Dear Ardelle:

Thank you so much for your generous sponsorship of the 2007 Summit in Tech Valley. The event went very well with almost 300 attendees and a room filled with energy and excitement about the future of Tech Valley!

Without the generosity and support of organizations like yours, it would not be possible to put on an event of this magnitude. All of us appreciate your incredible generosity and look forward to continuing to work with you in the future.

Please let me know any feedback you may have about the Summit. It helps us plan for future events and provides us the information to make it even better.

Thanks again.

Warm regards,

Ann Wendth

Dear Ms. Hirsch, *Ardelle*

The 59th Albany Tulip Festival was a resounding success; thank you for your continued support.

The generous promotional schedules Fox 23 were truly an asset to the festival and it was awesome to have you on site again this year. You and your staff are great representatives for Fox 23. Many thank yous to Art and your on site staff.

Mark and Diane were just awesome at the coronation. It was truly the smoothest execution of the ceremony that I remember.

Thank you for being a part of the Albany Tulip Festival. I look forward to working with you again in the future.

Sincerely,

Sue

You are a major part of the reason that communities across the nation are envious of the villages, towns, and cities in the fantastic County of Saratoga.

Through your support, the Saratoga County Chamber of Commerce has been able to provide the private sector leadership to partner with local government to initiate innovative programs that have improved all our lifestyles and economic futures.

Your Chamber should also be looked at as a resource to you and your business or practice. No matter what the question, please ask it! With over 3,000 members and hundreds of contacts across the nation, we may be able to surprise you with answers that can save you time, money, and aggravation.

I encourage you to get in touch with me at 584-3255 or jdalton@saratoga.org.

Thanks for your continued confidence.

Dear Mr. Whitson,

As you may remember, you received news last December that Corinthian Foundation had made a gift in your name to Christian Children's Fund to help the children of the world. This year, that special holiday gift is being used for our Early Childhood Development (ECD) programs to help children under age five to grow and thrive.

Christian Children's Fund is one of the nation's oldest child development agencies, and we provide life-changing services to 10.5 million of the world's neediest children and families in 33 countries around the world. For almost 70 years, we have been providing life-saving programs to help end the seemingly endless cycle of poverty for countless families throughout the world.

Our ECD programs around the world provide children and their mothers with the resources and tools that they need for proper development. For example, in Guatemala CCF helps provide care and monitoring of children whose mothers work in the street markets. Children who would otherwise be spending their days in the marketplace, are now in a safe and learning environment with trained child development specialists.

In other countries we provide age-appropriate development tools to "guide mothers." These guide mothers are trained by CCF, and then visit new mothers in the community to teach them how to play with their children to encourage motor and cognitive skills. These children will have the benefit of a solid foundation for their early education.

At Christian Children's Fund, we do not measure our success by increased awareness and monetary gain, but by the hope that is planted in the hearts of children each and every day. Please know that because of the compassion of both Corinthian Foundation and you, our success will continue in the lives of these young children.

Sincerely,
